PROUDLY MADE IN AUSTRALIA USING INGREDIENTS SOURCED FROM AUSTRALIAN FARMERS.

### EXPECTED ADULT DAILY FEED INTAKE

Feed intakes vary according to bird breed and size.

### FEEDING GUIDE

Ensure birds have continuous access to feed – do not restrict consumption.

Self-feeders designed for poultry are a good way to ensure feed is continuously available.

Ensure that birds have access to clean, fresh water at all times.

Ensure that Barastoc Poultry Breeder makes up the majority of the hens' daily feed to ensure a balanced diet. Other feeds such as green scraps, pasture and hay may be fed, but only in small amounts.

This feed has been formulated specifically for animals as described on the package, or the label attached to the package, and must not be used for other species of animals. ANIMAL FOODSTUFF. UNSUITABLE FOR HUMAN CONSUMPTION.

**This product does not contain Restricted Animal Material.**

The information provided in this specification is exclusive to the product identified and is accurate at the time of writing. The manufacturer accepts no responsibility if this feed is used in quantities, conditions or in any way other than in accordance with the manufacturer's recommendations.

#### STORAGE INSTRUCTIONS

For optimum quality and shelf life, product should be stored below 30°C and off the floor in a cool, dry, well ventilated area protected from direct sunlight.
