### EXPECTED ADULT DAILY FEED INTAKE

Feed intakes vary according to bird breed and size.

### FEEDING GUIDE

Daily intake varies according to bird breed and size. Ensure birds have continuous access to feed - do not restrict consumption.

Self feeders designed for poultry are a good way to ensure feed is continuously available.

Ensure birds have access to clean, fresh water at all times.

Ensure that Barastoc Mixed Flock makes up the majority of your birds daily feed to ensure a balanced diet. Other feeds such as green scraps, pasture and hay may be fed, but only in small amounts.

The manufacturer accepts no responsibility if this feed is used in quantities, conditions or in any way other than in accordance with the manufacturer's recommendations.

The manufacturer's recommendations for the use of this product may be obtained by contacting the Ridley Sales & Support Office on 1300 666 657, or the registered office of the company.

#### STORAGE REQUIREMENTS:

For optimum quality and shelf life product should be stored below 30°C and off the floor in a cool, dry, well ventilated area protected from direct sunlight.
